

These pop-ups are so frustrating that I have nothing good to say about them, one thing I, like many millions of people find them so intrusive that the internet has become a job for us. many times i wish that I had the phone numbers of the people behind the pop-ups so that we could call them at all times of the day and night so that they can know what it feels like to be disturbed in such a fassion that they would have to buy something to block my calls.I so mucj\h wish that the F.C.C. would do something about this as it is a very annoying thing to have to live with.....
